🎓 Qualified Teacher | University of Toronto | MSc in Chemistry

I earned an MSc in Chemistry from the University of Toronto and a BSc in Chemical Engineering from McGill University. With 4 years of teaching experience, I specialise in IB Chemistry, A-Level, and IGCSE, aiming to boost students' exam results and chemistry comprehension.

Teaches: IB Chemistry A-Level Chemistry IGCSE Chemistry GCSE Chemistry

AP Chemistry

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

University of Toronto: MSc in Chemistry (2016-2018)

McGill University: BSc in Chemical Engineering (2012-2016)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past four years, I have worked with students across a range of curriculums, including IB, A-Level, and IGCSE. I focus on helping students master challenging topics like organic chemistry and physical chemistry, ensuring they gain confidence in applying their knowledge to exam questions.

In addition to school-level tutoring, I have guided students preparing for AP Chemistry and other competitive exams. My approach centres around simplifying difficult concepts and helping students apply their learning to real-world scenarios, which has led to noticeable improvements in their academic performance.
