Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past few years, I have successfully guided students through the complexities of IB Economics and A-Level Economics, helping them understand key concepts and prepare for their exams. My students have consistently achieved top results, with many scoring 7s in IB Economics and As in A-Level. I focus on providing clear, structured lessons that emphasize understanding and application of economic theories.

In addition to IB and A-Level, I've supported students with their IGCSE and AP Economics coursework. My international background and experience working with students from various curricula allow me to offer tailored guidance that meets each student's unique needs. My sessions are designed to help students improve both their knowledge and exam performance.
